Subject: Re: Draft regs? 

Beth -- The Draft EIS and the proposed regulations should both be published within the next few weeks. You, and the other names you provided, are on the mailing list to receive a copy of the Draft EIS. We also plan to mail a copy of the proposed reg to those on the mailing list once it is published in the Federal Register. Thanks for the inquiry. I'll be out of the office for three weeks from Jan 29 through mid-February. If you have any questions or need to talk with someone here re Antarctica issues, please call Joe at 564-7157. Katie

Subject: Draft regs?

Dear Katie,

I was wondering if the draft regs for Antarctic tourism have been published for comment yet? I haven't seen anything and obviously we don't want to miss the comment period.

Thanks!

Best,  
Beth
